

## Factsheet

*Biwater is a world leader in treated water, providing large-scale water and wastewater solutions for clients across the world. Throughout its 50 year history, the company has grown to meet the demands of many water-stressed countries and their burgeoning populations.*

<b>Founded:</b>	1968
<b>Chairman:</b>	Sir Adrian White
<b>Mission:</b>	To provide sustainable treated water solutions that serve communities, help protect the environment, and foster economic development for generations to come.
<b>Vision:</b>	To be the world leader in treated water solutions, growing the business ethically and sustainably.
<b>Brand:</b>	The name Biwater – or two waters – was adopted because of the company’s involvement in the provision of clean water and the treatment of wastewater. It is represented by the Biwater fish logo, which signifies life, health and clean water.
<b>Core business activities:</b>	Water treatment, wastewater treatment, desalination and membrane treatment, package plants and products, project finance, operation and maintenance and water asset management.
<b>Key markets:</b>	Asia Pacific, Middle East, North America, Central America and the Caribbean
<b>Key figures:</b>	Based on Biwater’s 2016-17 financial results, key financial highlights from the year include: <ul style="list-style-type: none"><li>• 30% increase in revenue</li><li>• 45% increase in liquidity / net cash</li><li>• Net profit on ordinary activities</li><li>• 12% Increase in net assets</li></ul>
<b>Strategy and outlook:</b>	Biwater’s strategy worldwide is driven by an engineering and financial solutions philosophy. The Group continues to support countries with their large-scale water infrastructure delivery, overcoming water scarcity and improving local environmental conditions.
